NNR opening Dubai liaison office under NNR UK subsidiary

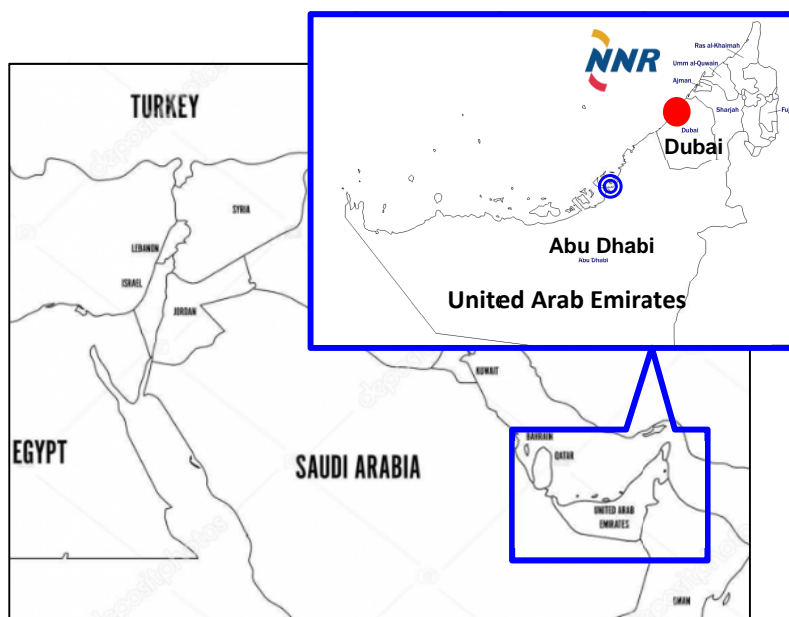

February 6, 2019

The NNR Group UK subsidiary (NNR Global Logistics UK Ltd.) will open an office in Dubai, United Arab Emirates (U.A.E.), and will start activities on Wednesday, 6th February 2019.

Dubai has strong ties with African countries in Northern, Eastern and Southern regions regarding trade, business, investment and personal connections, and it is a base for companies entering Africa. Dubai is also a gateway for many into the entire Middle East region and is a strong trading partner of the UK and many countries, including most of Europe, India and USA.

Setting up an office in Dubai, will enable us to make prompt and detailed solutions, together with information gathering activities and business support for our subsidiary companies.

From now on, the NNR Dubai office will continue to offer higher quality and high value-added services to customers, both new and existing to further complement our Global Network of NNR offices.
